Dear Huy Cao,

We're writing to update you on the status of the above referenced claim. At this time, we've completed our investigation of the accident and have reached a liability decision. California law requires that we inform you when the driver of your vehicle has been determined to be principally at fault for an accident.

In this case, our investigation shows Jacqueline Huynh was principally at fault for the December 16, 2024 accident because the driver of your vehicle failed to obey traffic controls at an intersection and collided with a vehicle lawfully within that intersection.

If you disagree with this decision, you may request a liability reconsideration within 30 days from receipt of this letter. A liability reconsideration involves a separate adjuster completing a review of the evidence on file. Should you have any additional information that you would like for us to consider, please submit it at claims.geico.com.

Please contact me if you have any further questions. Thank you for allowing GEICO to serve your automobile insurance needs for 2 years.

Sincerely,

Crystarain Champlin
