I cannot thank you enough for the excellent trip you helped us make moving my mother to Florida. From the moment we decided on your company, making the reservation and the ultimate kindness of everyone involved, made this a good experience. From those in the office keeping us informed as we went to Jan our transport nurse who texted us and kept us up to date on details and shared stories with us along our route. She took excellent care of my mom and that security went a long way. To our drivers Sean & Manuel, who kept us laughing every moment and would always ask if we needed anything at all. Their calmness and efficiency made us feel safe. My family cannot thank you enough. I would recommend you to anyone who needed your services. Thank you!

The Medlink staff from coordinators to the crew had all the answers. They

gained my confidence that my mother would be moved to her new home over 500 miles safely. Then they accomplished this by coming through.

Drivers Damon and Kelon were efficient, courteous, helpful, accommodating, respectful and all around very nice. The Nurse, Linda, was so helpful, friendly, knowledgeable, efficient and understanding of my daughters needs and wants. She did her job so well and made a very long and difficult trip for my daughter and myself as easy and comfortable as possible.
