Hi Mom,

I just spoke to the Dublin officer (925-557-6255). Here's what he said to me.

The man whose car got damaged lives in Dublin. The dent on his car is not big, but it's noticeable. He said he found a note on his car with a description of your car and license plate.

The officer said to him it doesn't make sense that a car from Hayward got in an accident with his car. The man agreed, and mentioned that he was in Hayward a couple of days ago. I guess that must be when the incident happened.

So, the officer wants to come back to your house to inspect your car as part of his investigation.

He says you're not in trouble (e.g., no hit and run). Rather, they just want to know exactly what happened.

Huy

Okay, then I will drive the Corolla to you, most likely next weekend, November 11th, if you are around. I think it's not a steep learning curve. You mainly just have to get used to the feel of a new car.

It is a-good idea

Dad bought the corolla for me because it has some safety features for older driver and less powerful tha the honda

But i have to learn how to use it

Hi Mom,

What do you think about trading the Corolla for your Honda? You keep the Corolla and we will keep your car for driving to/from Orange County. Then we will trade back, after you no longer want to drive anymore.

The Corolla has some pretty good safety features, like a rear-view camera for when you are backing up the car.
